It was a really windy night for the second round with very choppy waters making the far side of the course really tricky to keep the boats going at any real speed in a straight line!

There was a good entry of 11 boats which were split into heats of 4 and 5 with the 2 "Newbies" Ian and Dave racing in their own heat to give them a chance to get in some practice without having to avoid others!

The racing was really close in all heats all night with many soon finding a little less throttle got their boats over the waves and around the course much quicker overall. There were a few "moments" during night; a multiple pileup on the first turn left one boat heading off at full speed in the wrong direction towards the bank. Luckily its driver Daron realised just in time he was "driving someone else's boat"! Another race finished with 3 coming together right at the finish of their race, Nigel's Little Pepper came off worse with a split open deck. The final "moment" was when Chris's Mono X lost its lid after three laps and three hard knocks, unfortunately despite extra foam inside the hull it still sank without trace soon after.

I had a good night winning 2 races I scored a total of 58 points, with Malcolm winning the other he was close behind on 57. Despite his sinking Chris was the best of the rest scoring 44, ahead of Nigel (41) and tied Dave L and Arley on 38 points. The series still has a very long way to go with 5 more rounds and a possible 15 more races..and I suspect a few more "moments"!
